Mr. Whitaker tested positive for marijuana on the following dates: January 28, February 15, March 2, and March 18, 2022. The positive test results were confirmed by the lab. Whitaker admitted to smoking marijuana to help calm his nerves and reduce stress.

U.S. Probation Officer Action:

The undersigned offered a verbal reprimand and reviewed cognitive behavior skills and strategies. Mr. Whitaker continues to attend outpatient treatment at Oaks Integrated, Montclair, New Jersey. Although Mr. Whitaker is very open to learning healthy tools and openly communicates with his treatment provider, he continues to test positive for THC while in treatment. Mr. Whitaker has expressed to the treatment provider that he needs to smoke marijuana to slow down and relax. The treatment provider believes, Mr. Whitaker uses marijuana to cope with his attention deficit hyperactivity disorder (ADHD). The treatment provider has recommended medication; however, Mr. Whitaker refuses to take prescription medications. Lastly, the treatment provider recommends an increase of treatment, specifically, Mr. Whitaker will be recommended to attend group counseling; however, she has concerns because Mr. Whitaker already has great difficulty keeping his individual appointments due to his work hours. The undersigned respectfully requests a status conference with Your Honor to address Mr. Whitaker’s noncompliance and to discuss possible solutions.
